

College Hockey, Inc. to Host the U16 Championships

College Hockey, Inc., the informational and promotional arm of NCAA Division I men's ice hockey, is proud to be hosting the championship in both brackets of the U16 Division of the Bauer International Invite. This will mark the second year that players and coaches from around the globe will be competing for the right to hoist the **College Hockey Cup**.

College Hockey, Inc. is less than two years old but has already reached thousands of elite young players in settings similar to the Bauer International Invite. Whether addressing individual teams or large groups, we use a multi-media presentation to communicate the message that the college hockey experience is the best in the world, thanks to an elite on-ice product, outstanding educational opportunities and the unique campus environment.

Representatives from *College Hockey, Inc.* will be in attendance throughout the weekend and would welcome the opportunity to meet players individually or teams as a whole to inform them about the benefits and opportunities that arise from playing Division I men's college hockey. If you wish to arrange a meeting please reach out to Jeff Dwyer by email, jdwyer@collegehockeyinc.com , or phone 617-340-6570.
