

The TimberWolf

TIMBER WOLVES DOMINATE IN WIN OVER KITCHENER!

The Timber Wolves had a total team effort on Saturday to come up with a 3-0 victory over Kitchener Blue in a hard fought battle! From the drop of the puck, the Timber Wolves had their game face on. The Timber Wolves aggressive fore-check didn't give the Kitchener defense anytime with the puck, which led to numerous scoring opportunities in the first and second periods but the Wolves just couldn't find the back of the net. Early in the third, Stephen Cresswell led a rush up the ice and put a nice shot in on the Kitchener net. Blake Rendall pounced on the rebound for a Wolves 1-0 lead. Ryan Duench put the Wolves ahead by two with the goal of the year! Ryan was all alone as

he entered Kitchener's end. He put the puck between the defenseman's legs, picked it up then did a mesmerizing toe drag around the second defenseman and lifted a backhand into the top corner of the net! Ryan DeWolfe then made a scintillating glove save to foil a glorious scoring opportunity for a Kitchener forward in the slot. The Wolves went ahead by 3 when Cresswell's shot was tipped by Carson Gerbauer right to Noah Zettler for a top shelf one timer! The game ended on a sour note after Ben Hagen was cross checked from behind in front of the Wolves bench and had to be carried off the ice on a stretcher. Great news that Ben is okay and just needs a few weeks of rest prior to getting back on the ice with the Timber Wolves. Great work Wolves!

PLAYER OF THE GAME!

Ryan Duench is a player with fire in his eyes and determination in his heart! That was never more evident than on Saturday with RD's highlight reel toe-drag goal to earn him the Sweet Play of the Game! OV would be totally proud! Rumour has it all of Ryan's teammates now want to borrow the MoJo Wax Ryan rubs on his stick before every game to keep the puck "on a string!". Ryan is a Grade 5 student at St. Nicholas Catholic School where he is an all round athlete and loves gym. When not on the ice, Ryan loves to ski and skateboard. His favourite pre-game meal is pasta, which his dad wishes he would eat a ton more of! Ryan relaxes by watching America's Funniest Videos and is secretly planning to enter a winning video featuring the Duench's! Great game today RD and nice goal!

The Vickers Group is proud to support the Waterloo Wolves.
