

The TimberWolf

TIMBERWOLVES BLOW AWAY BLUE JACKETS IN MOTOWN!

The Timber Wolves took to the ice for their first game in the Motown Cup against the Columbus Blue Jackets. It was a classic Canada-US battle, with the Timber Wolves tenacious fore-check and aggressive "D" dominating the play in the first and second period. The Wolves got on the board midway through the 1st after Pascal Prior's relentless fore-check led to a puck steal in the corner. He centered a pass in the slot off Matt Buck's skate to Blake Rendall, who blistered a shot past the Columbus goalie. The second period saw the Wolves continue to press. Aaron Jeffrey led a rush up ice and centered a pass in front and Carson Gebauer banged it home! Gebauer got his second of the period after Liam Read made a tape to tape pass to Spencer Recoskie who threw the puck in the slot and Gebauer roofed the rebound into the net. Ryan DeWolfe made a nice butterfly save on a point blank shot to preserve the 3 goal lead for the Wolves heading into the 3rd period. The Wolves 4th goal came after Read dove to keep the puck in at the point and dished off to Jeffrey, who blasted a shot that was tipped in by Buck. The Wolves went ahead by 5 on a beautiful 3 way passing play started by Recoskie dishing the puck off to Ryan Duench, who tipped the puck to Gebauer who was all alone in front of the net for the hat trick! The final Wolves goal was a nice Matt Buck wrist shot from the slot after receiving a perfect pass from Ethan Januszkiwicz. Ryan DeWolfe was perfect in the 3rd, notching another shutout for the Wolves and a 6-0 victory!

PLAYER OF THE GAME

Carson Gebauer is the leader on the Timber Wolves and wears the "C" with pride. His leadership was on display against Columbus with his tenacious checking and slick scoring touch as he notched a hat trick for the Wolves in their win! The coaches marvel at how Carson uses his speed to split the opposing defensemen and set up his linemates, just like NHL great Alexander Ovechkin, who is Carson's favourite player. When not leading his team on the ice, Carson attends St. Luke's Catholic School where he loves math. Rumour has it Geeber likes to do a little Hip Hop and in Motown he could be found showing the girls a few great off-ice dance moves at their competition! Move over Bieber, here comes the Geeber! Awesome start in Motown Carson!
