

WOLF BLACK ATTACK

London & Waterloo Gold ground the Black Attack

The Black Attack travelled to London last Sunday evening for a tilt with the London Junior Knights Gold. The Wolves came out hard and matched the Knights team hit for hit, check for check in the first. The forwards fore checked hard to neutralize London's speed and the Wolves D kept the Knight's speedy forwards to the outside. The Wolves threw out some punishing hits – Connor Olsen, Dawson Fielding, Matt Buck, Cameron Young, Colin Kim and Lukas Marscheutz to name a few Wolves that laid the body whenever they could to wear down the Knights. The game remained scoreless until midway through the second when some questionable penalties and calls went against the Wolves. The Knights went ahead on a wicked point shot goal on the power play. The Knights then scored another on a rebound off a 2 on 1. The Knights 3rd goal was tipped by a London high stick in front of the net and initially called no goal but after much referee discussion, the call was reversed and the goal counted. Despite the adversity, the Wolves kept skating and hitting into the 3rd period. It appeared David Parker netted a Wolves goal in the third but apparently the whistle blew before the puck entered the net and there was no subsequent referee discussion. Matt Fazzari put in a solid performance in goal to keep the Wolves close in this one. Despite the 3-0 score, each Wolf hustled all game, supported his teammates and never quit! Great job boys! Game puck went to Dawson Fielding and Battle Bucket to Owen Fenton.

The Black Attack then played Waterloo Gold at RIM Park on Thursday evening. With the forwards short because David Parker and Connor Olsen were on the sideline, Ben Hagen moved up from D to play on the wing. The first period had few whistles but lots of great saves by Spencer Bartels to keep the Black

Attack on even terms with Waterloo Gold going into the second period. Bartels kept up his stellar play but the Gold forwards eventually knotted 3 goals in the second. The Black Attack didn't give up and kept skating and hitting, with some nice clean checks thrown by Ben Hagen, Matt Buck and Cameron Young in the third. Unfortunately on this day, Wolves Black couldn't mount much offense and the game ended in a 4-0 defeat. Game puck went to Colin Kim and the Battle Buck to Will Maxwell.

Player Profile: Cameron Young

The Black Attack #88 jersey is worn by the hard working and versatile forward Cameron Young, AKA Younger to his team mates. Younger's favourite NHL player is the Washington Capitals Alexander Ovechkin. It's obvious when you watch Younger dish out his punishing hits, rip his wicked wrist shot and crash the net, he's spent numerous hours watching the great Ovie! Younger is focused on the ice and preps for games by listening to "This Means War" by Nickelback. Cameron is a grade 6 student at St. Agatha PS where he loves gym. When Younger isn't playing hockey, he excels at playing another punishing sport – lacrosse. Cam's preferred pre-game meal is pizza and he wishes Christmas was all year long – not for the presents but for his favourite dessert of Christmas cookies! Excellent games this week Younger! Keep crashing the net and dishing out those good, clean hits!
