## COACHING BIO

### ABOUT ME

I am a lifelong Waterloo resident and played my minor hockey in Waterloo, starting at the age of 4! I am a graduate of Wilfrid Laurier University.

I am Toronto Maple Leafs and Seattle Seahawks Fan!

I have worked as a scout in the GOJHL for 3 years and I am the Lead Hockey Instructor at the Zone in Waterloo and for the City of Cambridge.

I am currently the Head Coach of the U12 AA Woolwich Wildcats and focus on building a team culture based on work ethic, teamwork, structure, and respect. My coaching experience has given me the opportunity to work closely with young athletes in a competitive environment, helping them develop strong habits, confidence, and an understanding of system-based hockey.

My coaching philosophy is centered on accountability, preparation, and playing the game the right way. I believe that strong individual development should translate into team success, and I emphasize habits, decision-making, and consistency that help players contribute within a team structure. What I enjoy most about coaching is seeing athletes grow over the course of a season and watching that development positively impact team performance. For me, coaching is about building strong players, strong teammates, and a strong team culture.
