## COACHING BIO

### ABOUT ME

I grew up in Elmira, ON and have lived in Waterloo for 20 years.

I played for Woolwich starting at 6 and played many sports growing up including baseball, basketball and golf. Also, I am an avid fisherman!

I play hockey left-handed but golf right handed!

I am lifelong Boston Bruin's fan, so wearing the black and gold in Waterloo, is easy for me!

Started coaching with Waterloo U9 three years ago. Assistant Coach with U10BB, Currently Assistant Coach with U11BB

My coaching philosophy is to dictate pace, apply pressure, gain possession, control the game.

My biggest joy in coaching is when a player achieves a personal milestone or skill that they have been working on. And the rest of the team, coaches and parent group identifies it as a huge personal accomplishment. Also, when a team unifies plays a full team game and everything is clicking.
